

Temple Cleanse[®] is based on the pioneering science of ozonating and stabilizing magnesium compounds in order to deliver nascent oxygen to the digestive tract and colon when taken as a supplement. **Temple Cleanse**[®] works by helping to rid the digestive system of unwanted fecal debris while creating an inhospitable environment for anaerobic bacteria. If you're looking to re-establish life-giving intestinal flora while cleansing your digestive system, **Temple Cleanse**[®] is the product for you. †

Suggested Use: Take **Temple Cleanse**[®] for up to 60 days initially and then use periodically for health maintenance purposes. If you feel sick or weak on **Temple Cleanse**[®], cut back on dosage, alternate days or discontinue use.

Guarantee: **Temple Cleanse**[®] is tested by independent laboratory analysis through an iodometric titration test to guarantee oxygen release and product integrity.

Contains no animal by-products. Suitable for vegetarians.

Warning: If you are pregnant or nursing, under medical care or taking medication, or have been diagnosed by a doctor with a gastrointestinal disorder, first seek the advice of a licensed health care professional prior to using to determine suitability.
